PART B: ACADEMIC PERFORMANCE INDICATORS

Based on the teacher's self-assessment, API scores are proposed for (a) teaching related activities; domain knowledge; (b) participation in examination and evaluation; and (c) contribution to innovative teaching, new courses etc. The minimum API score required by teachers from this category is different for different levels of promotion. The self-assessment score should be based on objectively verifiable records. It shall be finalized by the screening cum evaluation / selection committee. University may detail the activities, in case institutional specificities require, and adjust the weightages without changing the minimum total API scores required under this category.

Total of Category I Max score	100 / 95 / 90	85.02		
Minimum API score required for Category I *	80 / 75 / 70			

Note : * Assistant Professor Stage 1 to 2 = 80, Stage 2 to 3 = 80, Assistant Professor to Associate Professor Stage 3 to 4 = 75, Associate Professor to Professor Stage 4 to 5 = 70 Professor Stage 5 to 6 = 70

1. Direct Teaching 16/14/14 hours per week include the Lectures/ Tutorials/ Practicals / Project Supervision / Field Work/Skill enhancement.
2. University may prescribe minimum cut-off, say 75%, below which no scores may be assigned in these sub-categories.
3. In consonance with established academic and teaching traditions, and with a view to reinforcing a student-centric and caring approach the teachers are encouraged to work with students, beyond the structure of classroom teaching. Indicatively, this could entail mentoring, guiding and counseling students. In particular teachers would be the best placed to identify and address the needs of students who may be differently abled, or require assistance to improve their academic performance, or to overcome a disadvantage. There are no prescribed hours for such efforts, measured either in weeks or months, or in the context and calculation of the API scores, these are nevertheless important and significant activities that could be carried out by teachers.
4. Student Feedback is an integral part of the institutional and academic development of higher educational institutions and in fostering quality. Student feedback and teacher response plays a catalytic role towards improvement in teaching-learning and institutional development. Feedback from students on teaching, delivery, methodology and pedagogy is pivotal with a view to enhancing clarity of concepts, subject understanding and developing and deepening an interest in the academic discipline. Universities and Colleges should encourage teachers to assist students in providing constructive feedback on teaching-learning in order to enhance quality education and in responding to the feedback.
